ABOUT ME

I am a hardworking and ambitious individual with a great passion for development. I exercise excellent approach to solving problems. I have excellent communication skills, enabling me to effectively work with a team. I am enthusiastic and passionate about my set goals and eager to take up challenges that will take me closer to my goal. I am not perfect but I always know how to give my very good best.

INTERESTS

I'm currently interested in Entry level role or Internship that best suites my field.

My ultimate goal is to someday solve a Geological problem using software technology.

EDUCATION

2017 - 2021

Bachelor of Science in Geology

Delta State University
